
Master Certificate in Quantum Healing

Why the Global Market is Paying a Premium for This Skill Set

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

Rise of quantum biology start-ups | Investment in quantum-based diagnostics and therapeutics is on track to exceed USD \$45 billion by 2026, creating immediate high-skill roles for certified practitioners | McKinsey Global Institute

Chronic-care crisis in aging populations | By 2026, 68 % of OECD countries will face a 30 % shortfall in integrative-health professionals who can deploy quantum healing modalities | OECD Skills Outlook

Corporate wellness budgets doubling annually | Fortune 500 firms now allocate 12 % of employee-benefit spend to quantum-informed wellness programs, driving demand for certified facilitators | World Economic Forum
